SOUTHERN TIER
• DISTILLING CO® •

AWARDS

We wouldn't be alone if we said we take distilling seriously. But day after day we prove that we go a little farther than we need to. It's the unrelenting drive to never overlook the smallest details that defines who we are. We set our particular standards, then set them higher, and higher still. This is reflected in our products, and manifested in the many awards we've received in the few years we've been around.
